Dear The Mohsin & Fauzia Jaffer Foundation sponsors,

I hope this email finds you well. I am writing to express my immense gratitude for your sponsorship of the \$1,000 Rotary Club of Weston scholarship I received in May. I am honored to receive this award and want to convey how much it means to me as I start this new chapter.

As an incoming freshman majoring in Industrial Engineering at Georgia Tech, I will be taking a variety of courses that require an up-to-date and advanced computer in order for me to download and run certain applications. This scholarship will enable me to purchase my first personal laptop. With this laptop, I will not only be able to succeed in said classes, but I will also have access to Georgia Tech's state-of-the-art computing resources, conduct research, and complete assignments more efficiently.

Your generosity not only alleviates the financial burden associated with acquiring this necessary equipment but also inspires me to keep striving for excellence in my studies and future career. I am truly grateful for your investment in my education and for believing in my potential.

Once again, thank you so much for all of your support.

Sincerely,

Jayden Bodden
